

The Jubilee Garden's Award 2016

Jubilee Garden RHS Award Ceremony 2016

Ludlow Assembly Rooms

Tuesday 20th September

Ian & Helen Burrage represented the Jubilee Gardeners' Working Group and Malvern Wells Parish Council when they attended the RHS "It's Your Neighbourhood" Awards Ceremony.

The event started at 10:30 am on a lovely sunny day with Ludlow looking it's best. The Award ceremony, which was in the Assembly Rooms, followed the coffee & biscuits welcome and registration.

With about 175 Awards to be given out, it was a very long ceremony. They began with the winners of the big prizes and then moved onto giving out all the Award certificates in alphabetical order by county and then by garden name. The Malvern Wells Jubilee Fountain Garden, being in Worcestershire was one of the final fifteen to be given out. A long morning but very inspiring to see what everyone, particularly the big prize winners had done with their neighbourhoods. The ceremony was followed by an excellent cold lunch and then by a choice of three walking tours of Ludlow's town gardens arranged by the Town Council - sadly Ian & Helen had to decline to join the tours.

The Three Core Pillars of the RHS scheme are Community Participation, Environmental Responsibility and Gardening Achievement. The benefits of the scheme include Developing Cohesion and Civic Pride and having a Positive Impact on the Community. Malvern Wells Parish Council and the Jubilee Gardeners can be very proud of themselves in 2016 for having achieved all these objectives.

We were awarded a "Level 3 Advancing" Certificate.
