This decision is delayed pending further investigations with the Environmental Agency; however local objections cover many other aspects. Fladbury Parish Council is to approach Jack Hegarty (MD) and Gill Collin (Planning) at WDC due to the severe delays which are causing concerns over what the real objections are to this application rather than the entanglement with the technical aspects of the EA objection. The EA have recently requested a full blown topographical survey. WDC are trying to expedite this application but are wary of getting bogged down in further withdrawals/applications and appeals, and are trying to get the right decision first time. WDC have written to the agent indicating that they are going to proceed to refusal unless he indicates that he will satisfy EA survey request as quickly as possible which to date he has refused to do so.
