

2016 /2017

Chairman's Annual Report

The Chairman thanked everyone for another successful year, also mentioning the injection of funding from INRG & Rooftop Housing.

A few footpath issues had arisen but are in the process of being resolved.

The development in Sandys Avenue has been completed, but this has led to parking issues along with parking issues in Manor Close, which we are currently trying to resolve with the assistance of Rooftop Housing

The Sports Club had a successful C & W Event this year assisting their financial stability, as this is the last remaining facility in the Village.

We have initiated the " We Don't Buy Crime Scheme" and are hoping this is up and running soon.

We are also looking into the possibility of extending the Cemetery ground for future requirements.

Grateful thanks were given to Mike (Clerk) for his hard work despite his health issues.

Also Dave (Councillor) now back to good health
