

Knighton on Teme Annual Meeting 2019

Knighton has had it's fair share of crime over the last 12 months, but somewhat less than other Parishes

However as ever we must not become complacent.

What SNT –(Safer Neighbourhood team) have done

Carried out a number of covert operations in the 'wee' hours, in an attempt to disrupt /stop Rural Crime- Ongoing

Carried out a number of Property Making Events, residential, farming and Bussinesses

Utilised NHW- alerts sent out re crime and suspicious instances.

What can be done

Overtly mark equipment in sheds,*padlock with an audible padlock alarm, and have sensors inside the sheds; which alert the owner to **any** unwanted presence.

Mark items of value in homes with Smart Water- available online direct sale OR by the Smart Water initiative. ** (65% of the Parish take up Smart water and receive a bulk discount purchase price).

List belongings on Immobilise.com, a really useful internet record

Use / set up Whats APP groups- group chats are instant, (add SNT)- an immediate group chat which is really useful for information to be shared

Call 101 to report incidents

Call or text Safer Neighbourhood team on mobiles (if we are not on duty, please listen to the message)

Safer Neighbourhood team offer:

Basic Security advice, homes, sheds, cars etc.

Property marking events- on offer throughout the Teme Valley- please see west Mercia for more details - ongoing

Stop that Thief- Police and the NFU have joined forces to offer this Security advice from an accredited professional technician endorsed by the NFU:- If anyone wishes to use this service please call one of the team.
