6. District / County Councillors Report.

The District Councillor stated that the building works at Drysdale Close are still a concern with WDC.

The Chairman then said that the Parish Council are quite dismayed that the planning officers do not seem to take into consideration the comments made by the Parish Council on any amendments or retrospective applications but just approve them all. The District Councillor said he would forward our comments.

He also mentioned that the Solar Farm application was being reviewed again the following day and as a member of the planning committee he would be voting against the application

A communication from the County Councillor gave the proposals for work to begin on the A44 and the stretch of pathway between 5 and 27 Pitchers Hill to alleviate the flooding issues after further discussions. At this point one of the Councillors pointed out that he only had discussions with the District Councillor re the footpath at Pitchers Hill.

7. Police Officers Report.

Since July 9th last, residents have contacted West Mercia on 24 occasions, resulting in two offences being recorded, one of theft by employee and one of attempted dwelling burglary. In neighbouring Parishes, there have been a spate of thefts from garden sheds of lawn mowers, pressure washers and other various power tools. Residents are requested to ensure adequate measures are maintained to reduce such instances, considering post coding equipment with permanent marker pens, DNA chemical marking, if anyone requires advice, please contact me via 101 or email.

It is hoped a final quotation will be available for the next meeting.
