Coronavirus update The infection rate in our district is currently at 239 cases per 100,000. This has risen by 7% in the last 7 days (information correct as of 27 August 2021). Communications will focus on continuing to encourage people to get vaccinated reminding people of the basic precautions they can take to protect themselves and others.

COVID-19 vaccine surveillance report Yesterday (26 August), Public Health England (PHE) published its latest weekly COVID-19 vaccine surveillance report. The latest estimates suggest that 105,900 deaths and 24,088,000 infections have been prevented as a result of the COVID-19 vaccination programme, up to 20 August. The estimate was calculated by comparing the estimated impact of vaccination on infection and mortality against a worst-case scenario where no vaccines and no non-pharmaceutical interventions were in place to reduce infections and mortality. Afghanistan Resettlement Scheme

There are 2 schemes relating to Afghan resettlement to the UK:

1. The Afghan Relocation and Assistance Policy (ARAP) for Locally Employed Staff (LES) in Afghanistan. This scheme is designed to support those Afghan nationals who have worked with our forces eg interpreters. This scheme was launched in April 2021.
2. The Afghan Citizen Resettlement Scheme (ACRS). This was the scheme that was announced last week and which is designed to welcome 5,000 vulnerable Afghans into the UK in the first year of the scheme and 20,000 over the longer term. Further guidance on this scheme is still awaited.

Locally, the current Afghan resettlement scheme is being co-ordinated by Worcestershire County Council and this will be the same for ACRS. The County Council will work closely with the West Midlands Strategic Migration Partnership who are delivering this programme for the West Midlands on behalf of the Government. The County Council will consider wider support arrangements for Afghan arrivals, co-ordinate financial support from Government and donations from communities. As non-housing stock councils we are working with our housing association partners and private landlords to identify accommodation. Commitment has been sought from both Platform and Rooftop to begin to identify suitable family sized accommodation within our districts that could be appropriate, and both have responded positively to these requests. In addition, we will be working with voluntary groups in due course to help them with their work supporting new arrivals and getting access to funding. Vic Allison (Joint Chief Executive of Malvern Hills and Wychavon District Councils)

Abbey Park Barrier Consultation starts

A consultation was launched on Monday (23 August) asking residents and users of Abbey Park in Pershore for their views on the design of a new barrier to protect the park from illegal encampments. A three-week consultation seeks to confirm whether there is enough public support for the proposal before work is carried out, as it will alter the look and feel of the park. The design uses a mixture of knee height rails and boulders to create a physical barrier around the park, while still allowing easy access for people through entry points. Other options considered included creating bunds, ditches and a full line of boulders to create a barrier around the park. These have been ruled out because it was felt they would not be as effective as other measures and would have a significant impact on the character of the park. It is hoped the barrier will prevent a repeat of recent events, which have seen travellers illegally occupy the land for several days on two separate occasions.

Take part in the consultation. The deadline for responses is 11pm on Sunday, 12 September 2021.

Evesham Levelling Up Fund Application

An application for £9.1m from the Levelling Up Fund for Evesham Town Centre has been submitted for two key projects emerging from the Town Centre Prospectus work. They are Connected Evesham and Evesham Public Hall. The bid will enable growth and enhance Evesham town centre as a place to work, live and play, and improve external perceptions, encouraging additional inward investment. The two projects are designed to be mutually supportive.

Connected Evesham

The Connected Evesham project addresses congestion and improves bus reliability. It also creates high quality active travel routes to a better connected town centre to its surroundings delivering a significant proportion of the draft Evesham Local Cycling and Walking Infrastructure Plan. It will deliver 12 of 18 planned active travel links, enable sustainable housing and employment growth, as well as improve public health by encouraging people to

walk and cycle. It includes: 6.4km new pedestrian/cycle infrastructure, 6.84km improved pedestrian/cycle infrastructure, creation of 12 active travel routes, connecting committed infrastructure investments, existing residential and employment sites and connecting 41ha of employment sites and 735 homes planned within Evesham, Badsey and Offenham; unlocks the National Cycle Network 442 (Worcester-Oxford) with a new A46 crossing, and also provide Real Time Information System to make bus travel more reliable town centre by programming bus priority at signalised junctions and increased capacity at A46/B4035 Badsey roundabout.

Evesham Public Hall

A successful bid would help with the restoration to enable it to be used for a public arts venue in partnership with the Evesham Arts association and potentially with 'The Story of Evesham'. This will be the catalyst to lead the developer to submit its application for the redevelopment of the Riverside Shopping Centre for the mixed use we have long been anticipating. Our cost ratio is very good and we have had lots of support including from Nigel Huddleston MP. Hopefully, we should hear late Autumn leading into Christmas time as to whether we have been successful.

In other news...

Help needed with Evesham Vaccination Centre We are continuing to work with Public Health to support a vaccination centre in Bengeworth, Evesham. We are looking for marshals to help around the drop-in centre and also have a presence around the Evesham Bengeworth/Port street area to signpost people. The dates of the clinic are Saturday 18 September and Sunday 19 September from 10am to 6pm, the venue is currently being confirmed. We will also be out doing leaflet distribution in the week leading up to this so would be looking for volunteers to help with this too. If you can help out over that weekend, for either a full or half day could you please let Robin.Mace@wychavon.gov.uk know by 3 September.
