## 6. Covid-19 Update.

Cllr Hardman updated the parish council as follows, and indicated there are signs of a change on the way with the local lockdown having an effect.

- Confirmed cases in Worcestershire have reduced by 29% in the last 7 days compared to the previous 7 days. The rate of cases in all districts is declining. The number of cases in people over the age of 60 currently stands at 216 per 100,000. Regrettably 69 care homes in the County have current outbreaks (more than 2 cases, linked in either time place or person).

- All GP-led Primary Care Networks (PCNs) are running vaccine clinics for eligible patients and a few pharmacies are also now administering vaccines. The opening date for the site at the Three Counties Showground in Malvern is still to be confirmed.
- In line with lockdown restrictions all primary schools, secondary schools and colleges have moved to remote learning, except for the children of key workers and vulnerable children.
- Covid Advisors, recruited by Worcestershire Regulatory Services, continue to be deployed and work closely with the Police. Compliance in the population is generally good, and particularly good in the Bredon area.

There was no update from WhatsApp groups.

### **7. Grass cutting Tender.**

Only one completed tender was received in response to advertising. It was **agreed** to award the contract for 1 year plus a 2-year option to Greenworks. This includes cutting the grass at St Giles Church (at the same frequency as in the last four years) and submitting a separate invoice to the parish council.

### **8. Structure and Membership of Working groups.**

Cllr Pyke will join the Assets and Transport & Organisations Working Groups and have responsibility for liaison with Bredon Community Play & Recreation (BCPR).

It was suggested that the five Working Groups need to have consistent numerical membership (possibly six persons) in which case some groups will need additional Councillor representation (e.g., the Transport & Organisations should increase from four to six). It was **agreed** that the matter would be discussed at a future meeting. The Clerk will add the current membership of Working Groups document to SharePoint.

### **9. Method for Distribution of Meeting Documents.**

Distribution of monthly meeting documents will be by SharePoint, replacing emailed attachments. Cllr Darby will continue to email meeting documents to himself from SharePoint for convenience and copy in other Councillors if requested.

### **10. Policies & Procedures.**

With the changes introduced by the Technology & Media Working Group, through 365 for Business, it was acknowledged that additional guidance would be required (e.g., Data Retention & GDPR). The onus would be on Councillors to manage their own activities in accordance with council policies. Clerk to forward the Good Councillors Guide to Cllrs Bell and Pyke, together with details for CALC Website access.

### **11. Correspondence for Information.**

Cllr Sly has responded to the Worcestershire Community Rail Partnership to request he is added to their email list for future consultation and involvement on behalf of the parish council.
