c) **To note or discuss Planning Correspondence, Information and Issues:** There were none.

- 4. To discuss the football club's return to using the playing field:** The football club had requested permission to resume use of the playing field. A risk assessment had been forwarded and circulated to councillors. The council agreed that playing could resume. The footballers had also asked if they could train on an additional evening each week; this was agreed.
- 5. To discuss options for replacement of the damaged goalposts:** The goalposts on the football pitch had shown signs of significant corrosion and had been cut down to prevent them falling. A quotation had been received for repair. The councillors discussed the options but were more in favour of replacement goal posts which were not much more expensive and would fit into the existing sockets. It was agreed that councillors would meet up with members of the football club and that the council would take on board their recommendation.

The meeting was closed at 7.35pm.

Public Questions

There were none.
