	Manor Road Traffic	
	The head of highways has been shown the problem and possible solutions. He	
	is very interested in the issue and has been to look at it for himself and has	
	instructed his assistant to look at solutions and make proposals. He	
	specifically noticed the camber of the road in places and was surprised at the	
	speeds recorded of traffic in the area. This is a very positive step and may	
	result in Wickhamford being used as a pilot scheme for new measures. Liz	
	will keep everyone involved informed of any feedback etc.	
	Honeybourne Gas Pipeline	
	This is being extended and will pass through the edge of Wickhamford. It	
	may cause some disruption. A compensation fund for any distress/disruption	
	is available and Liz will let the Council know how that works.
