**9. District/County Councillors Report:** The District Councillor provided the following report:

Covid-19. The District is slowly moving from a Rescue and Response stage to Recovery but it is a slow process. The Council has received funding to try and welcome back the High Street and make shoppers feel safe. Part of this has been to open up the water front at Upton to encourage restaurants and pubs to spill out into the roadways. We are still a long way from returning to any form of normality but the weekly street market in Malvern has begun again and shops have reopened albeit with a short supply of stock. Regulatory Services have also been out assisting food and beverage businesses to make sure compliance's are met and that all is safe for us to eat out again.

Malvern Splash and Tenbury Pool remain closed for refurbishment and will not reopen until the end of the year.

The District Council is a member of the Rural Services Network and they are seeking views on Revitalising Rural:Realising the Vision campaign.

Parishes are being encouraged to contribute to this. The consultation covers a wide range of issues from digital connectivity to village schools

And finally, the annual canvas which checks details of everyone registered to vote in the District is back. Letters go out for homeowners to complete and any that are not filled in are visited. Visits will not happen this year so if you are aware of new people in the Parish who may have not received the form they will need to register on-line

**10. Councillor's reports and items for future agenda:** None requested.

**11. Date of next Annual Parish Meeting:** The next meeting will be held on Wednesday 7<sup>th</sup> October 2020. Venue to be determined.

The meeting ended at 8.00pm.
