

Hill and Moor Parish Council

Newsletter

Autumn 2021

Once again it is time for our Autumn newsletter and since the last one in the spring, we have continued to maintain the field to a high standard. This has included regular mowing by our volunteers and in particular I would like to thank Darren for his efforts on this. We have also repaired the fence around the play area and our ongoing battle with the moles has had good results with the use of garlic bulbs. Apparently, they can't stand the smell and keep well away from them. Next on our agenda is to replace a dead tree and further planting will also shortly take place thanks to the WI who have now sadly disbanded but kindly gave the council a generous donation from their remaining funds.

We welcome our new County Councillor, Dan Boatright. He takes over from Liz Tucker who has served as County Councillor for the Pershore division, which includes Hill and Moor parish, since 2013 and we would like to thank her for her dedicated service over the years. She continues to represent our parish at district level, as District Councillor for the Pinvin ward. They would both be happy to hear from you if there are any matters you wish to raise.

We also give a warm welcome to David Nuttall our new Parish Councillor who joined the Parish Council on the 2nd September.

Finally, I would just like to mention that we now have a leaflet rack in the old telephone box. This can be made use of by any local groups or organisations who wish to promote themselves or a local event.

Cllr Tony Betteridge
Chair of Hill & Moor Parish Council

The **Annual Lower Moor Bonfire and Fireworks** display
will take place on

Saturday 6th November 2021

Bonfire lit at 6.30pm and fireworks at 7pm prompt

Hot food and bar will be provided by The Old Chestnut Tree

Tickets available from all Council members (see back page) or on the gate

Adults £4, Children 5 - 16yrs £2, or family ticket £10

Please support this event, all proceeds go towards next year's fireworks!

Halloween

Halloween festivities start on Saturday 30th October. Children in Halloween costumes and parents meet at the pub at 5pm for an escorted walk round the village to houses who have confirmed they are happy for Trick or Treaters to visit. If you would like your house to be added to the list, please contact the Old Chestnut Tree Inn to let them know. Afterwards there are activities such as bobbing for apples planned.

On 31st October 2021 it is Halloween proper. If you are happy to have Trick or Treaters, please leave a pumpkin/ jack o' lantern outside your house, or dress it up for Halloween or if you don't want to do either, please collect some spooky tape from the pub (also at the Village Hall) to put on gates or doors so people know you are happy to have Trick or Treaters.

If you will be out Trick or Treating, please be mindful of residents' wishes and don't call at houses that don't show that they are happy to have Trick or Treaters visiting.

Have a spooky Halloween!

Throckmorton Airfield proposal

Do you know about the proposed new town to be built on Throckmorton Airfield and surrounding land?

Do you want 5,000 houses built there?
What will be the effect on our village and surrounding area?

If you need to know more and how to comment on this proposal then please get in touch.

LOWER MOOR 2021
HARVEST SERVICE AND FUNDRAISING

St Thomas's will be having a short Harvest Service of Evening Worship

at 6pm on Monday 13 September

All Welcome

- please bring any donations for
Persnore Food Bank
tins or dry goods only please (no fresh produce)

And any money donations collected
will be split between Persnore Food Bank and Farm Africa

why not ADD harvesting friendship this year?

Would you consider helping to raise money by having
a **soup lunch** or **afternoon tea** or even just a **natter**
to catch up with neighbours
and get to know new folk in your road.

The Church is not wanting fresh fruit and vegetables this year
SO WHY NOT

cook up a soup or bake a cake
at home
and invite friends and neighbours in
during the Harvest Season
of September .

(smaller groups are considered more flexible and safer)

Any donations from your gatherings will be collected together with the other Five Alive village fundraising activities and sent off to this years' charities. PLEASE **Contact Lower Moor Harvest co-ordinators**
Carol Martin 860982 or Sally Hutchinson on 861206
if you are interested in : - hosting an event, would like to join an event
or make a donation

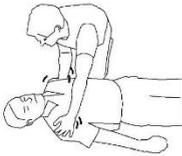

Lower Moor Defibrillator

The defibrillator is located on the playing field, attached to the small brick cupboard near the steps. The What3Words address is:

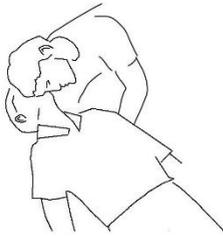

[///bronzed.mason.apart](#). More defibrillator training is planned – please get in touch to sign up.

Basic Steps for Using the LIFEPAK CR Plus or LIFEPAK EXPRESS Defibrillator

Responding to an SCA emergency using the defibrillator involves these basic steps:

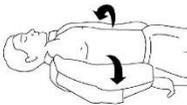

Determine if the victim is in SCA. A person in SCA will not respond when you try to shake him or her.

Check for breathing by listening next to the victim's mouth and looking for chest movement.

Use your defibrillator only if the victim is not responding, not moving, and not breathing normally or not breathing at all. If in doubt, use your defibrillator.

Place your defibrillator near the victim and on the side next to you. Press the ON/OFF button to open the lid and turn on your defibrillator. Remain calm. Your defibrillator will guide you through the defibrillation process.

Expose the victim's chest. If the chest is excessively hairy, quickly shave the hair in the area where you will place the pads. If the chest is dirty or wet, wipe the chest clean and dry. If there are medicine patches on the victim's chest, remove them.

Hold down the left side of the electrode packet with one hand and pull the red packet handle down with the other. The electrode packet tears open.

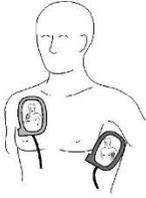

Tear open the packet completely to remove the pads. A small piece of the packet will remain attached to your defibrillator.

Separate the electrode pads, one at a time, from the blue plastic. Use these pads on adults or children 8 years of age or more, who weigh 25 kg (55 pounds) or more. For infants or children who are less than 8 years of age or who weigh less than 25 kg (55 pounds), special electrodes are needed. Refer to [page 5-8](#) for more information.

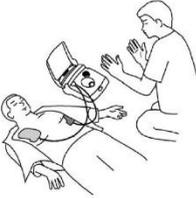

WARNING!

If you cannot determine a child's age or weight, or if special infant/child electrodes are not available, proceed with the existing electrode pads, and continue on to the next step.

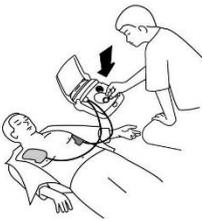

Apply the electrode pads to the victim's bare chest (exactly as shown in the picture on the pads). Be sure to press firmly so that the pads completely adhere to the victim's chest.

Note: Be sure you do not place the electrode pads over an implanted device such as an implanted pacemaker or ICD. An indication of an implant is a protrusion in the chest skin and a scar. If you are in doubt, apply the pads as shown on the labels.

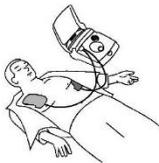

Listen to voice instructions and do not touch the victim unless instructed to do so.

If the defibrillator heart rhythm analysis determines that a shock is needed, the defibrillator will announce *PREPARING TO SHOCK*, and then instruct you to *PRESS FLASHING BUTTON* to administer a shock (semiautomatic model) or it will announce *PREPARING TO SHOCK*, and then automatically administer a shock without requiring further action (fully automatic model).

Do not touch the victim while a shock is delivered.

Regardless of which model you have, continue to follow the voice instructions.

Do not remove the pads or disconnect them from the defibrillator until emergency medical personnel arrive. If the victim starts moving, coughing, or breathing regularly, place the victim in the recovery position (as instructed in CPR training) and keep him or her as still as possible.

Recent fundraisers: Pub: £420 for MIND; Charity Cricket match: £338.43 for St Richards Hospice, AACC: £1000 for Pancreatic Cancer.

Musical Explorers
run original,
colourful, lively and
interactive music
classes for
children aged
6 months - 4 years.
(younger siblings are warmly
welcome)
