

Pendock Parish Council

Future Pendock preliminary survey

We would like to thank everyone who returned our survey which will help us prepare a plan for the village. Out of the 180 leaflets distributed we had 20 returned – we would have liked more responses as by sharing your ideas the Council will be in a better position to protect and defend what we have as well as getting high quality decisions for all in the community.

We asked you for the three best things about Pendock and the results were very consistent:

1. Shop and Post Office
 2. Village Primary School
 3. Unspoilt rural environment
- *Our plans needs to maintain these advantages*

We then asked for your biggest areas for improvement:

1. Reduce speeding
 2. Improve flooding, drainage and roadways
 3. A place for village events and play area
 4. Better bus service
- *We have already started to work on these problems*
 - *Vehicle activated speeding signs*
 - *New and better bus service*
 - *A lengthsman specifically for the parish*

Watch out for the next events to complete the plan:

- Detailed questionnaire
- Public meeting
- Consultations at village events
